

TOPOLE™

POLISH YOUR TEETH NATURALLY

TOPOL™

POLISH YOUR TEETH NATURALLY

One of the most memorable TV commercials from the 70's featured a man blowing into a handkerchief which illustrated the teeth staining effects from smoking. This commercial propelled Topol's sales to forty million dollars.

Today there are 45 million people who still smoke along with 150 million coffee and 158 million tea drinkers. Topol™ not only naturally polishes your teeth to a sparkling white but helps remove the staining affects caused by smoking and beverages.

Americans will spend 1.4 billion dollars this year in over the counter teeth whitening products, not too mention the dental procedures which can run up to \$700 a process.

We are not blowing smoke...
Try Topol™ again and polish your teeth naturally

TOPOLTM

POLISH YOUR TEETH NATURALLY

All natural, so safe even for kids to use.

Keep your teeth white while wearing braces.

Helps polish away stains from drinking coffee.

Polish away years of smoking discoloration.

No more messy trays of teeth whitener.

No chemicals make it safe to use everyday.

TOPOLE™

POLISH YOUR TEETH NATURALLY
